MSDS Sheet for PlayDoh

Answer ID 660 | Published 08/19/2002 06:03 PM | Updated 10/21/2010 02:03 PM

How can I obtain a MSDS sheet for PlayDoh?

Because Play-Doh is non-toxic, non-flammable and non-reactive, no Material Safety Data Sheet (MSDS) sheet is required for Play-Doh.
